JERRY SIMPSON DIES.

Former Kansas Congressman Passes
Away at Wichita.

CAREER WAS VARIED

Native of New Brunswick, Cook on a
Vessel, Sailor, Member of Con-
gress Six Years and a
Leading Populist.

Wichita, Kan., Oct. 23.—After a lingering illness Hon. Jerry Simpson breathed his last at 6:05 o'clock this morning.

Jerry Simpson's father was a saw-mill owner and sailor of Prince Edward's Island.

When Jerry was a small boy the family moved to Upper Canada. At fourteen Jerry left home and became cook on a lake steamer. Afterwards he was mate of one of the large lake sailing vessels. At the outbreak of the war he enlisted with the Twelfth Illinois Infantry. After three months' service he was discharged on account of disability and resumed the life of a sailor. In 1864 he was captain of a bi sailing vessel, and continued this occupation for fifteen years. In 1873 his ship, the J. H. Rutler, encountered a terrific gale and was wrecked near Ludington, Mich. On this occasion Captain Jerry Simpson showed great personal bravery. Through his efforts every man on board was saved. In the same year Simpson made a trip to Kansas and was so impressed with the country that he decided to abandon the sailor's life and settle on a ranch in Jackson county. He brought considerable money with him to Kansas, but had bad crops and hard luck. In 1883 he moved to Medicine Lodge in Barber county, and was on the verge of bankruptcy.

Simpson's first political move was in 1886 when he secured the nomination for representative from Barber county on the Union Labor ticket, and was defeated. In 1888 he arranged a fusion of the Union Labor and Democratic parties and again ran for representative. He was again beaten. In 1900 he was a delegate to the Farmers' Alliance congressional convention in the Seventh district. That district was a 14,000 Republican district, and the alliance leaders did not expect victory. They nominated Simpson for congress, and he proved to be a good campaigner. He soon realized that he had a tremendously powerful backing. In spite of his lack of money, Simpson in one of his speeches made the remark that if times got much harder the farmers would be unable to buy socks. Opposition papers took this up and dubbed Simpson "Sockless Jerry." Simpson turned the phrase to his own advantage, and by election time, no man was so much talked and written about in the state as "Sockless Jerry." When the votes were counted it was found that Simpson had won by 8000 majority.

In the house of representatives Simpson made a splendid record. He dressed modestly, but well, and was one of the men who was listened to when he talked. In a little while he was the recognized leader of the third party in the house.

Simpson was three times elected to congress from the Seventh district and twice defeated.

The health of the former congressman has been poor for some years. In 1900 he left Kansas and for a time was at Kansas City. Later he moved to Roswell, N. M., and had conducted a large real estate and immigration business in that town. Of late years he has been a Democrat.

Deceased was born in New Brunswick March 31, 1842. Originally he was a Republican. He was a member of congress from 1891 to 1895 and from 1897 to 1899, being nominated last time by both Populists and Democrats.

San Antonio Firm Suffers Fire Loss of Seventy-Five Thousand Dollars.

San Antonio, Oct. 23.—Fire which broke out in the basement of the four-story building occupied by the wholesale and retail crockery firm of Newton-Weller-Wagner company did \$75,000 damage.

Llama Born.

Terrell, Tex., Oct. 24.—While the Barnum & Bailey circus was here Saturday a llama was born. This is said to be the first one born in captivity. It has been named Texas.

Ultimatum Probable.

Vienna, Oct. 23.—It is reported here that the powers intend to present a joint ultimatum to the Turkish government on account of its resistance to their financial control of Macedonia, and that if the ultimatum should be disregarded the powers will make a naval demonstration.

Pistol Battle on Car.

New York, Oct. 23.—Three men fought a pistol battle on an Eighth avenue car Sunday and all seriously injured. Passengers laid on the floor to escape shower of bullets.

Direct Control Recommended.

Washington, Oct. 23.—In his annual report to the secretary of the interior the superintendent of the Arkansas Hot Springs reservation recommends direct control of the springs.

TOKIO GREET'S TOGO.

Japanese Naval Hero Is Received
With "Banzais."

PRaised BY MIKADO

Admiral Received In Audience by the
Emperor and Himself and Men
Thanked For Their Suc-
cess on the Sea.

Tokio, Oct. 23.—Sunday was made memorable for the Japanese by the arrival of Admiral Togo, who came to report to the emperor the return of his fleet from the war. The distinguished naval officer arrived at the Shimbashi station at 10:30 o'clock. He was met by ministers of state, generals, admirals, members of the diplomatic corps and hundreds of officials and people, who gave him a warm welcome to the capital. He was accompanied by his staff ad Admirals Katoka, Kamimura and Dewa, together with their respective staffs.

The party entered five imperial carriages placed at their disposal, and, led by his majesty's aide, Admiral Ino Yu, drove direct to the palace, reaching there at 11 o'clock, when they were received by the emperor. Togo's carriage, escorted by a body guard of troopers, passed through a triumphal arch in front of the railway station.

The streets were lined with an admiring crowd who shouted "Banzais" as the party passed along. The enthusiastic cheers mingled with the noise of bands was audible for a great distance.

General Sakuma detailed three battalions of guards of honor. The battalions were composed of men from the Tokio garrison, and were under the command of Major General Togo. Four guns, located at Hibya park, fired salutes. The day was a beautiful one and all Tokio was out, irrespective of age, to welcome the victor of the battle of the Sea of Japan.

Admiral Togo, after his audience with the emperor, returned to his ship. After receiving Admiral Togo's report, the emperor warmly praised the service rendered by him, his officers and men.

FLOWER PELTED.

St. Augustine Young Ladies Shower
Carriage of President.

St. Augustine, Fla., Oct. 23.—President Roosevelt was the guest Saturday and Sunday of the oldest city in the United States. Children of the city presented him with a floral key, and young ladies showered his carriage with flowers. Chief executive delivered an address at Fort Marion, and later dined with members of the Board of Trade. The president's train arrived at 6 o'clock Saturday afternoon, and the streets, illuminated by colored electric lights, were almost as bright as day.

Sunday morning the president attended the Presbyterian Memorial church. The building was crowded. A short drive was then taken. After luncheon the president, accompanied by Secretary Loeb, Surgeon General Rixey, John McHenry and John Greenway, drove to Fort Marion. There a launch was taken for Anastasia Island. Here the party donned bathing suits and took a bath.

Party left here at 9 o'clock Sunday night for a tour of Alabama, with Mobile as the first stopping point.

PARTIAL MODIFICATION.

Can Enter Texas if Not Near Infected
Point Six Days Before.

New Orleans, Oct. 23.—Dr. Tabor wires Dr. White that Texas will admit people from Louisiana who will make affidavit that they have not been near an infected point six days previously.

There were two new yellow fever cases up to 6 o'clock Sunday afternoon.

Mississippi has raised her quarantine. Three new cases were reported at Natchez, and the same number and one death at Vicksburg. Roxie reports one new case.

Pensacola reports for Sunday twelve new cases and one death.

MOROS THREATENED.

Insurgents After Those Who Are
Friendly to This Government.

Manila, Oct. 23.—Insurgents of Coto-bolo Valley, Island of Mindanao, are threatening extensive operations in an endeavor to capture and kill all Moros who are friendly to the government. It was announced from Manila that Chief Ali with his followers in the Island of Mindanao had taken the aggressive and was killing many Moros friendly to the government. All informed the chiefs who are assisting Federal troops to effect his capture and kill them. Provisional companies of troops are taking the field for a vigorous campaign, aided by friendly natives.

Chicago, Oct. 23.—The indicted packers have attacked through counsel the famous so-called beef trust process. They declare the testimony they were forced to give before the secretary of the inter-commerce commission was used by the government in obtaining indictments against them.

WINDOW SMASHING.

\$50.00 Reward Offered for Evidence Sufficient to Convict by T. P. Boyett and Parks & Waldrop.

Some time Saturday night the large plate glass in one of the beautiful show windows of Parks & Waldrop's store, costing more than \$75.00, was smashed, evidently with a blow from a stick, rock or some other missile, and utterly ruined. A large section of the glass fell within the window, and the remainder of it is so cracked and damaged as to be of no service. There was a display in the window, but nothing is missing and there was no rock or other missile in or about the window, which indicates the destruction was done with a stick or club. Marshal Boyett says the damage was done some time between one o'clock and daylight, and that the street and other electric lights were not burning. According to the officers there were very few people on the street after midnight and no evidences of trouble. The darkness and the absence of the officers at the time of the smashing must have been more than somebody could stand, and "crash" went the window.

A window and a door glass in James & Nunn's furniture store were smashed a few nights before, as noted in the Eagle at the time. Eliminating the possibility of accident, which could hardly have happened in both these cases, and which we believe happened in neither, these acts resolve themselves into pure, unmitigated vandalism which cannot be too severely condemned and punished, and public indignation is expressed about the matter in no uncertain terms. Other wanton destruction is seen in the cutting of the salt sacks piled in front of the Carson, Sewall & Co. wholesale house. Such things are becoming entirely too common, and must be stopped somehow. Lawlessness of this character not only inflicts pecuniary damage, but will speedily ruin the reputation of any town for law

and order, discourage investments and depreciate property values.

Marshal Boyett is at work on the case and offers \$25.00 for sufficient evidence to convict. Parks & Waldrop offer the same amount under the same conditions, making a total reward of \$50.00, an amount which is doubtless sufficient to stimulate active outside assistance to the officers.

Parks & Waldrop's loss on the window is covered by insurance, but the loss from the use of the window for a month in the busy season will be keenly felt by this enterprising firm.

ROSS VOLUNTEERS AGAIN.

The Houston Rifles Assume Original Name of A. and M. Crack Company.

The Houston Rifles, the crack military organization at the Agricultural and Mechanical College, held a meeting a few days ago and re-organized for the school year by electing officers and changing the name of the company. The organization, whose purpose is largely social and for the development of fancy drilling, was formed during the administration of Governor L. S. Ross, and was called the Ross Volunteers in his honor. During the administration of Col. L. L. Foster, the name was changed to the Foster Guards, and for the last three years it has been the Houston Rifles in honor of President Houston. Now, under President Harrington's rule, the organization has gone back to its original name, the Ross Volunteers, in honor of Mrs. Harrington, who is the daughter of Governor Ross. Thus the organization keeps fresh the memory of the former great president and at the same time pays a delicate compliment to the present administration.

At the recent meeting officers of the company were chosen as follows: E. C. Arnold, captain; J. S. Dean, first lieutenant; R. L. Burney, second lieutenant; W. G. Moore, first sergeant; W. A. Gilbert and W. B. Wortham, second lieutenants.

RALLY DAY SERVICES.

Rally Day services of the Sunday school were held at the Methodist church Sunday and enjoyed by a large audience. The program, heretofore published in the Eagle, included music, prayer, scripture reading, roll call of officers and teachers, roll call by classes and roll call of the cradle roll and home department, a rally day address by Dr. Betts, a history of the school by Prof. Minter, and a look into the future by Supt. R. O. Allen, who conducted the exercises.

Dr. Betts stated that rally day services were being held throughout the Southern Methodist church, and made a strong talk on the value of missions in the spread of the gospel and the necessity for inculcating the mission spirit in the minds of the young.

Prof. Minter's history of the Sunday school covered a period of thirteen years, or since 1892, during all of which time he has been actively connected with the school, and showed that while the white population of the town has increased only about 15 or 16 per cent, the Sunday school has increased 300 per cent, and the collections have increased over 300 per cent.

Prof. Allen's remarks regarding the future of the school were based upon its past and present, and were full of practical and helpful suggestions for carrying on and enlarging the great work.

A collection of nearly twenty-five dollars was taken for missions.

State Health Officer Tabor has raised the yellow fever quarantine against non-infected points in Louisiana and Mississippi. The quarantine against New Orleans and other infected points remains in force, the state retaining its inspectors on the border and system of inspection.

W. E. Bowler, Phil Trant and others were busy yesterday loading Layne & Bowler's oil well drilling outfit on wagons to haul to the Wells place near Keith. Grimes county, where Layne & Bowler will at once begin boring for oil. Mr. Bowler and Mr. Trant returned from Grimes county Saturday night and reported that the Schumacher or Plotts well shows strong indications of oil in quantity. They were bailing out Saturday afternoon, and there was considerable oil on the surface of the water taken out.

ALABAMA AND TEXAS.

These Are the Only States That Are Now Quarantining Louisiana.

New Orleans, Oct. 23.—With the lifting of quarantine by the state of Mississippi, which gives the right to all towns and counties of that state to reopen communication, and with continuance of the cold snap over both Louisiana and Mississippi, it is believed that practically all restrictions against traveling in the two states will collapse this week.

Only Alabama and Texas are now barred against Louisiana, and the fact that Texas has reopened intercourse with all non-infected points in the state is taken to mean that all restrictions will shortly be abandoned.

Meantime train service to and through that state will be at once resumed. Railroads are acting promptly on amelioration of quarantine conditions and arrangements are being made to restore all trains that were taken off. All lines have now announced low rates for the president's visit, and everything points to a rush of people into the city from all over Louisiana and Mississippi for the occasion.

Acadia has removed all quarantine. Franklin parish has done so except against Patterson. So has Tagipachoa. Monroe has modified her restrictions and trains are again moving.

Shreveport is arranging for the restoration of all trains that were removed at the beginning of the fever, but keep their doors shut against the people from infected districts.

The present week will see all but cases few wiped out from New Orleans. There are but seventy-three cases under treatment and these are being rapidly discharged. The end of the week will probably mark also the withdrawal of most of the marine hospital forces.

Up to noon Monday there was only one yellow fever case and no deaths.

Presented to Empress.

St. Petersburg, Oct. 23.—Countess Witte was presented to the empress Monday.

STRIKE SERIOUS.

Traffic Across the Central Belt Has Been Completely Paralyzed.

St. Petersburg, Oct. 23.—The railroad strike situation shows no signs of amelioration. Traffic across the central belt is paralyzed, while the general strike, which broke out at Kharkoff, cut off communication with another great section of the empire. Kharkoff is the most important center of Southern Russia. The strike affects, among others, the line to Donet coal region, on which Russia largely depends for fuel during the crises in oil regions, and the line to Odessa and Sebastopol.

SUN SPOTS SEEN.

Priest Announces That They Are of Most Wonderful Magnitude.

San Jose, Cal., Oct. 23.—Rev. Father Joseph Rickard, S. J., the Santa Clara college astronomer, announced the result of his observations of the group of sun spots, the discovery of which were made some weeks ago. Prof. Rickard calculates the length of the entire group at 144,415 miles, with a width of 115,532 miles. The astronomer announces increased solar activity, with the probability that the two new spots, first noted last Friday, exceed in size any hitherto observed.

Negroes Not Wanted.

Guthrie, Oct. 23.—Although the laborers are few in Kiowa county to harvest the mammoth cotton crop and to operate the compress and oil mill at Hobart, the citizens, by an overwhelming vote, decided against negroes coming into the county as laborers even. It has been impossible thus far to get enough white laborers.

NOTICE.

Notice is hereby given that on the 27th day of October, A. D. 1905, same being the 4th Friday in said month, the city council of the city of Bryan will receive proposals from any banking incorporation, association or individual in Brazos county, State of Texas, to act as depository of the funds of the city of Bryan.

The proposals of such banking incorporation, association or individual banker shall be sealed and delivered to the City Secretary on or before 2 o'clock p. m. of said 27th day of October, A. D. 1905.

In such proposal said banking incorporation, association or individual banker shall state the rate of interest that such banking incorporation, association or individual banker offers to pay on the funds of said city for the term between the date of such bid and the next regular time for the selection of a depository, which will be the first regular meeting after the city election in April, 1906.

The banking incorporation, association or individual banker will be selected offering the highest rate of interest. The said city council, however, reserves the right to reject any and all proposals or bids.

A certified check of not less than one-half of one per cent of the city revenue for the year 1904 shall accompany each proposal, or bid, as a guarantee of good faith on the part of the bidder in case such bid is accepted and said banking incorporation, association or individual fails to comply with the terms of his proposal. SIN'S CONSEQUENCES.

Innocent Indulgence Often Brings Trouble
—E. J. Jenkins Offers Means of Escape.

The consequences of violating physical law are often as unpleasant as the breaking of a moral rule. The innocent indulgence of over-eating bring consequences that amount to real suffering. Indigestion is not natural; it is not right; it should not be. E. J. Jenkins offers a means of escape in Mi-o-na tablets that is simple and practical.

These simple tablets are composed of such valuable medicinal agents as bismuth subgallate, which is superior to all other remedies for stomach troubles, cerium oxalate, and tonics and correctives which promote the action of the digestive organs, strengthen the whole digestive tract, and make it possible to eat what you like and when you like.

If you suffer with headaches, indigestion, flatulency, heart-burn, dizziness, sleeplessness, back-ache, or debility or weakness, begin the use of Mi-o-na at once. Just one tablet out of a 50 cent box before each meal, and you will regain perfect health and strength.

Ask E. J. Jenkins to show you the guarantee under which he sells Mi-o-na. It costs nothing unless it cures. The risk is all his.

Miss Lucy Gregory gave a delightful dancing party at her beautiful country home Friday evening in honor of Miss Bertha Horetzky, the attractive and popular guest of Miss Mary Arnold. The decorations were unusually beautiful. Miss Horetzky looked handsome in an elegant pale green satin princess gown and diamond ornaments. Assisting in various rooms were Misses Vansickle and Arnold. A string band in attendance discoursed popular music and a delicious luncheon served. Miss Horetzky is a great beauty, a college girl, a great favorite socially, and of decided musical tastes. Miss Gregory is a very fascinating hostess. The affair was a success, and about thirty guests were present.—Lancaster (Kentucky) Record.

Early Risers

THE FAMOUS LITTLE PILLS.

For quick relief from Biliousness,
Sick Headache, Torpid Liver, Jaundice,
Dizziness, and all troubles arising
from an inactive or sluggish liver,
DeWitt's Little Early Risers are unequalled.

They act promptly and never gripe.
They are so dainty that it is a pleasure
to take them. One to two act as a
mild laxative; two or four act as a
pleasant and effective cathartic. They
are purely vegetable and absolutely
harmless. They tonic the liver.

REVERSED AND REMANDED.

Case of Engineer Lester Will Have to
Be Tried Again.

Austin, Oct. 23.—The supreme court
has reversed and remanded the case of
the San Antonio and Aransas Pass
Railway company against J. L. Lester,
from Bexar county. Lester, who was
an engineer on said railroad, got in a
collision and was injured, for which
he recovered from the railroad com-
pany \$10,000 damages. The case was
appealed by the railroad company on
the grounds that four of the jurors
who sat in the case had failed to pay
their poll tax. The objection was raised
by the railroad company at the time,
but notwithstanding this, they were
regularly impaneled. It is alleged,
as jurors in the case. The court held
that by failure to pay poll tax they
were disqualified as jurors. Further,
that it should have been possible to
find enough qualified jurors in Bexar
county to try the case. The court also
held that according to the trial court's
charge as to contributory negligence
the jury should have found for the
railroad company.

State Health Officer Tabor an-
nounced that on Oct. 25 Indian Territory
border quarantine camps at Ring-
gold, Gainesville, Paris and Denison
will be discontinued. Camp inspection
service at Texarkana is to be discon-
tinued. The announcement that quar-
antine would be raised against all non-
infected points is effective.

BODY MUTILATED.

Belief Is That John Moore Was Mur-
dered and Robbed.

Beaumont, Oct. 23.—John Moore, a
scaler at Keith's mill, was found dead
and his body mutilated on the Santa Fe
right-of-way, a mile and a half north of
Loeb. The dead man was last seen in
a rural saloon Saturday night. He left
there with \$120 in his pocket. When
found the body had been robbed. It
is believed he was murdered, robbed
and the body placed on the railroad
track, where it was run over by a train.
Deceased leaves a young wife.

Attorney General Davidson is here on
private business and to visit his brother,
Colonel W. S. Davidson, president
of the First National bank. The at-
torney general says the Love tax bill
litigation has monopolized his time, but
so soon as he gets the opportunity he
will look into life insurance matters.

HANGS HIMSELF.

Professor Judd Swings on Rafter in a
Garret.

Baltimore, Oct. 23.—Professor Syl-
vester Judd, aged thirty-five years,
formerly assistant in the United States
geological survey at Washington and
professor of geology at Georgetown uni-
versity, was found hanging by a rope
from a rafter in the garret of his home
on Old Frederick road, he having com-
mitted suicide. About a year ago Pro-
fessor Judd, owing to a mental trouble,
lost his government position. He was
sent to an asylum, where, after having
been treated for melancholia and homici-
dal mania for about ten months, ap-
peared to be much improved and was
discharged about two weeks ago.

BUGHER HOUSE BURNS.

Historic Residence Where Admiral
Dewey Spent His Honeymoon.

New York, Oct. 23.—An incendiary
destroyed the country residence of
Captain Frederic H. Bugher, United
States army, forming a part of the his-
toric Ludlow estate, where Admiral
Dewey spent his honeymoon, at Oak-
dale, L. I. According to a statement
Mrs. Bugher the mansion was first
looted and then burned to cover up the
robbery. She estimated the loss at
more than \$30,000. This is the second
incendiary fire within a few days in the
exclusive colony of millionaires, and
the latter are in a state of great ap-
prehension.

MANSSION DAMAGED.

Governor Folk, Wife and Guests Had to
Seek Quarters at a Hotel.

Jefferson City, Mo., Oct. 23.—The
governor's mansion has been damaged
to the extent of \$10,000 by fire this
morning at 3 o'clock. Governor Folk,
his wife and guests had to seek quar-
ters at a nearby hotel.
The governor devoted himself to
saving portraits of his predecessors in
office pending arrival of firemen. The
fire is believed to have started from a
flue in a hallway. After more than an
hour's labor the fire was extinguished.
The mansion was erected in 1872 at a
cost of over \$75,000. The loss is about
covered by insurance.
